

BARBING SALON TRANSFORMED TO TRANSFORMATIVE LITERACY-PEACE LIBRARY SPACE

PREAMBLE

When a child falls in love with a book, that child will be inspired to want to learn to read, when that child is inspired to want to learn to read, she will then read to learn, and when a child is reading to learn, that is magic, and a world of opportunities and knowledge is opened.

Mission: to transform the lives of children through the magic of literacy, books, transformative pedagogy and ethic educational support by developing their social, emotional, and spiritual life for their mental wellbeing.

Vision: is for an empowered child to grow and become a self - directed, happy community leader guided by love, character, virtue and values

Objective: It's focused on creating a safe space for face to face intercultural-interfaith interaction with deep listening culture and effective communication educational workshops and training to uncover Human oneness, learn to live and work together through self-revolutionary

shift and encourage children's agency to love reading to become models of Peace in their respective communities.

Activity/Sessions: Dialogue space for interactions on engaging soul talk topics and activities like Golden Rule, Fear, Anxiety, Connectedness, Respect, group reading and sharing, Favorite books, career, Home, Sacred place, conscious Listening, empathy, mindfulness, compassion, authentic communication exercise, Cultural display, playgrounds, digital technology safety.

Resources: children books stories, Comic strip parenting with love toolkits, a book guide for parents, amazing animal video stories, teachers, leaders, caregivers and educators etc.

Expected outcomes:

(1) Kids will embody the culture of reading, conscious listening and authentic communication ability to build relationship with books, Parents, Teachers, Playmates at home, Campuses, Community centers etc.

(2) Children suffering from fears and anxiety related to bullying, sexual harassment, isolation and rejections will learn skills on how to balance their emotional intelligence through the practice of meditation, quietness, and listening and silence mood. This practice has been proving effective in addressing psycho-emotional traumas while building their self-esteem.
